The Premiership table will be presented in the form of points, using the following formula: i.e. 16 sets played per match

- Points allocated for the win = 8 points
- Points allocated for a tie = 4 points

**15. CONDUCT**

**Players**

- a. Dress: School tennis uniform is to be worn. The school tracksuit may be used for warm-up but must be removed for games.
- b. Behaviour and language must be kept under strict control.
- Tennis etiquette on the court:**
- c. It is your obligation to call all balls on your side, to help your opponent make calls when the opponent requests it, and to call against yourself (with the exception of a first service) any ball that you clearly see out on your opponent's side of the net.
- d. If you have any doubt as to whether a ball is out or good, you must give your opponent the benefit of the doubt and play the ball as good. You should not play a let.
- e. In doubles, when returning service, the partner of the receiver should call the service line for her, with the receiver calling the centre and side service lines.
- f. Any "out", "let" or "fault" call must be made instantaneously (i.e., made before either an opponent has hit the return or the return has gone out of play) otherwise the ball continues in play.
- g. On all court surfaces except clay if a player incorrectly calls a ball "out" and then realises that the ball was good, the point should be replayed on the first occasion (involuntary hindrance) and the point lost on each subsequent occasion (deliberate hindrance). In the case of a point winning shot, a let would not be played.
- h. Do not enlist the aid of spectators, including parents, coaches etc. in making line calls, or attempting to determine other on-court matters.
- i. If players cannot agree on the score, they should calmly discuss the points/games that are the area of disagreement. Each player should keep points that are agreed upon. For example a player claims the score is 40-30 and his opponent claims the score is 30-40. They cannot agree on the first point in the game. The correct decision is to continue the game from 30-30, since both players agree that each of them has won two points in that game. When a game is in dispute, the same principle applies. When play resumes, the player who received in the last game that was played will serve in the next game.
- j. Players are prohibited from checking the mark of the ball on their opponent's side of the court.
- k. Wait until a point is over before walking behind a court where a match is in progress.
- l. To retrieve a ball from another court or to return a ball to another court, wait until the players have completed a point.
- m. Do not stall, sulk, complain nor practice gamesmanship.
- n. To avoid controversy over the score, the server should announce the game score before starting a game and the point score prior to serving for each point.
- o. Thank your opponent for the match.
- p. Any student who plays in the First Team may not play in another AGSV/APS match in the same sport during that weekend.
- q. Where a ball interrupts play, either by rolling/bouncing onto the court, and or creating a visible interruption behind the court a let should be played.
- r. If a player hinders his/her opponent it can be ruled involuntary or deliberate.
  - (i) When a player has created an involuntary hindrance (ball falling out of pocket, hat falling off etc), the first time a "let" should be called and the player should be told that any such hindrance thereafter will be ruled deliberate.
  - (ii) Any hindrance caused by a player that is ruled deliberate will result in the loss of a point.

**Spectators**

Good play from both sides should be recognised. Spectators should be made aware that an opponent's errors are not applauded. Spectators should be quiet as a player serves but spontaneous applause may build up as a rally develops.

**16. APS Representative Squad Selection:**

**Selecting Schools:** When choosing an Open team, the selectors will consider the best 4 doubles pairs and the best 8 singles players.
