

GIRLS REPRESENTATIVE TEAMS SELECTION GUIDELINES

The selection committees are made up of representatives from the Firsts Coaches on a rotational basis, usually three in number. These members are nominated by the Sports Coordinators' Committee and ratified by the Heads of AGSV Schools.

A first year coach is not permitted to coach a team, however they may perform the role as a Selector if this is deemed appropriate.

A member of the AGSV Sports Coordinators Committee will be allocated to each sport to oversee and advise on selection procedure. Failing this, the Executive Officer will fill the role.

1. NOMINATIONS

- (a) Nomination forms **must be acknowledged/signed** by the Sports Coordinator before being submitted by the requested date. It is the Sports Coordinator's role to endorse these nominations as being worthy on grounds of ability, conduct and availability.
- (b) The nominations submitted by the schools are to be placed **in rank order of ability**.
- (c) Only nominated students are eligible for selection.

2. SELECTION PROCEDURE

- (a) It is desirable, **but not obligatory** for each school to gain some representation in each sport. Where a sport has large numbers, it is more likely this will be achieved and at least one representative may be listed per school, even if only as an emergency. This is more difficult for sports that have fewer selection places e.g. racquet sports. Overall, the selection panel should aim to select the **best available team**, which may mean some schools have a predominance of team members while other schools are not represented.
- (b) It stands to reason that the relative success of a school in a particular sport in that season will have some bearing on that school's representation in AGSV teams. However, it is quite possible that a School may have some outstanding players, yet not win a match for the year because of a lack of depth.
- (c) Where there is difficulty in deciding between two players, preference should be given to the student in the **higher year level**, failing that, to a player from the school with fewer representatives.
- (d) For racquet sports, selectors have individual results and performances at their disposal to enable a more objective approach to selection. This information should be used to select, finalise and if necessary, justify selections. Captaincy roles will be allocated when teams are distributed by the Association. The appropriate number of Emergencies (as indicated below) are to be listed. Note: the order of those listed as Emergencies do not necessarily represent an order should a replacement be required. Emergencies are not required to attend on game day, unless called into the team. Only those who actually play on event day receive a uniform and are included in the team photograph. It is preferred for both selectors to assist the coach at both the training session and on match day, where available.

- (e) For all other sports, teams are to be selected and finalised during the online meeting. Where there is uncertainty, squads can initially be selected, with the team to be finalised during the training session. Captaincy roles will be allocated when teams/squad lists are distributed by the Association. The appropriate number of Emergencies (as indicated below) are also to be decided during the selection meeting. Emergencies will be listed in alphabetical school order. Note: the order of this list does not represent the order of players to be elevated should a replacement be required. Emergencies are not required to attend on game day, unless called into the team. Only those who actually play on event day receive a uniform and are included in the team photograph. It is preferred for both selectors to assist the coach at both the training session and on match day, where available.
- (f) Those selected in a squad, team or as an emergency must attend a training session (if held) to be considered in for selection in the final team. This includes injured players/runners.
- (g) **A Captain** (and if possible a Vice-Captain) **will be named for each team.** These positions are typically awarded more on **SERVICE TO AGSV sport** (e.g. previous AGSV representation) than on performance and the team is to be chosen on merit before the Captain is considered. It is preferable that player/s named have a leadership role in their school team. Schools are invited to submit a short endorsement of a student they wish to be considered for captaincy. The Executive Officer has a record of previous representation and Captains. The Executive Officer will finalise the naming of the Captain/s.
- (h) The Overseer will discuss proposed teams with the Executive Officer immediately after the selection meeting. Publication of the team/s will be withheld until the Executive Officer has endorsed a team.
- (i) It is **crucial that students are not informed** of impending selection, by a Coach, Selector or school. Under no circumstances are students to be informed of selections, until the AGSV Executive Officer has approved the proposed list. Teams will then be announced and communicated once confirmed. The Sports Coordinator from each school is to deliver this news to those selected.

3. SIZE OF TEAMS

| Sport | Players | Emergencies |
|-----------------------|--------------------------------|-------------|
| Badminton | 6-8 | 2 |
| Softball | 11-12 | 0 |
| Tennis | 8-10 | 3 |
| Volleyball | 9-10 | 3 |
| Basketball | 10 | 5 |
| Cross Country | 10 | 5 |
| Netball | 10 | 5 |
| Soccer | 15-16 (two GK may be selected) | 5 |
| Hockey (All stars) | 15 (two GK may be selected) | 5 |
