APS
SPORT

The AGSV vs APS Winter Representative Sport program has been running since 1968 with a full range of sports offered from 2000. The Winter Representative Sport program rewards students who have performed consistently during the season by providing them with the opportunity to represent their Association, showcase their sporting skills and play / compete with students from their Association who are usually an opponent. Collectively, we congratulate all students who have been selected to represent their Association.

We would like to thank the coaches and selectors for their assistance in managing each team, as well as today's host, Penleigh and Essendon Grammar School. We are most grateful for their hospitality, preparation of grounds and facilities and for arranging the catering and first aid for today's event.
